

# Twenty Year Materials Guarantee

## Guarantee Statement

---

### Our Guarantee

The manufacturers of Cure It guarantee that the Cure It roofing system materials (Roofing Resin, Roofing Topcoat, Roofing Edge Trims, Roofing Catalyst, Chopped Strand Mat) will remain within the specification of the Cure It Material Safety Data Sheet when stored correctly and will form a structural waterproof membrane that will remain watertight for a period of 20 years from the date of manufacture when installed as specified in the conditions set out below.

### Guarantee Conditions

- 1) This guarantee only covers Cure It materials used for areas where the complete Cure-It roofing system has been installed (the installation.) The installation must consist of Cure-It Roofing Resin, Cure-It Roofing Topcoat, Cure It Roofing Edge Trims, with Cure It Chopped Strand Mat and Cure It Catalyst.) The materials must be installed as per the Cure It Training Manual available at the time of purchase. These materials must be verified in the Guaranteed Materials Log with corresponding batch numbers for all materials used and copy invoices for the purchase of those materials. This is not a guarantee of workmanship.
- 2) On completion of the Cure It installation, the installer must issue a separate guarantee to the client covering their workmanship on the installation for a period of at least 20 years from the installation date for this materials guarantee to be valid. The details on the workmanship guarantee must correspond with the information entered into the corresponding Guaranteed Materials Log. The installer must undertake as part of the workmanship guarantee to make good any defects or faults in the installation of the system that have resulted in a leak.
- 3) Contractors must keep a record of every installation to be covered by the Cure It materials guarantee. The record of each installation must consist of the following for the Cure It Materials Guarantee to be valid: A separate completed Cure It Materials Guarantee Log for each installation, corresponding copy invoices for the Cure It materials used on the installation showing when and where the materials were purchased and a copy of the installer's own guarantee of workmanship.
- 4) This guarantee only covers the cost of the Cure-It materials used on the roof, the maximum value of the Cure It materials is calculated as follows: Cure It Roofing Resin 1.5kg/m<sup>2</sup>, Cure It Roofing Topcoat 0.5kg/m<sup>2</sup>, Cure It Catalyst @ 4% of the total amount of Cure It Roofing Resin and Topcoat used, CSM @ 500g/m<sup>2</sup>, Roofing Trims as per the linear perimeter (M) of the Cure It installation.
- 5) This guarantee is a contract between the installer and the manufacturers of Cure It, not the specifier or certificate holder of the installer's workmanship guarantee.
- 6) All materials must be stored and handled as specified in the Cure-It installation manual. This guarantee does not cover improperly stored materials or materials outside of their shelf life as specified in the corresponding Cure It Materials Safety Data Sheet.
- 7) Cure It materials must be laid to the exact standards as set out in the Cure-It installation manual available at the time of purchase. Cure-It will not accept responsibility for any costs incurred as a result of improperly laid materials. This guarantee only covers Cure It materials installed with OSB3 18mm T & G decking/EGGER WEYROC E1 P5 (V313.)
- 8) The guarantee is not valid if the contractor ceases to trade (meaning ceases to trade due to insolvency, bankruptcy or liquidation to principals.)
- 9) This guarantee of materials is in respect of normal weather conditions. This guarantee does not cover colour fade, standing water or other defects that do not result in a leak, nor does this guarantee cover failure of the materials through wear because of excessive foot traffic, subsidence, vandalism, exposure to chemicals, tampering of any kind or leaks not attributed to the Cure-It installation, e.g. leaks from flashings, gutters, walls etc.
- 10) In the event of a claim, the batch number of the Cure It material used for the installation will be compared against its manufacturing records and samples which will be examined for consistency with their stated specification in the Cure It Materials Safety Datasheet. If this is proven to be inconsistent and provided that the claim satisfies the conditions laid out in this guarantee, Cure It will, at its discretion, either replace the Cure It materials used to form the installation or like for like with equivalent materials available at that time.
- 11) This guarantee does not cover call outs or inspections of any installation.
- 12) Cure-It shall not be liable for: a) the cost of any routine maintenance, overhaul, modifications, loss or damage arising therefrom, b) any damage or defect caused by any peril capable of being insured under a commercial property, household or similar policy of insurance whether or not such insurance is effective or in force at the time or for which compensation is provided by legislation, c) any loss of use or consequential loss of any nature, d) any damage caused by war risks, sonic booms, terrorism or nuclear radiation as provided by the insurers standard exclusion clauses, e) any damage or defect caused by fair wear and tear, storm or deterioration due to neglect in maintenance.
- 13) This guarantee is superseded by any subsequent revisions available at or before the time of purchase of the materials.
