

Guaranteed Materials Log

To Be Retained By The Installer

The Cure It Materials Guarantee

To make a claim the installer must send a covering letter describing the problem, with photographs if possible, this completed guarantee log, copy invoices for all of the products listed below and a copy of the workmanship guarantee to the following address: Cure It Claims Dept., Giants Hall Farm, Standish, Wigan, WN6 0YA.

Installation information

Every Cure It installation requires an individual completed Guarantee Log. The Log serves as a means of collating information about a single installation in the event of a claim.

Please enter details of the certificate holder and the location of the installation below:

Installer Company Name and Address: _____

Contact Name _____ Postcode _____ Tel no. _____

Certificate Holder Name and Address: _____

Postcode _____ Tel no. _____

Location of Installation : _____

Postcode _____ Tel no. _____

Date of Installation: _____

Type of Roof: _____

Brief description of Installation: _____

Amount of Catalyst used (%) _____

Materials Verification

In order to validate your guarantee the installer must log the details of all of the Cure It materials used to produce the above installation. Copy invoices for the installation must be kept together with this materials log. In the event of a claim you will be required to produce this Materials Log, a copy of the guarantee of workmanship for the installation and copy invoices for ALL of the Cure It materials used to produce the installation.
